This dynamic program has been designed to meet and support your daily classroom assessment needs by providing you with the following:

- ✓ A variety of assessment tools and strategies, information on gathering data for feedback and reporting, and methods for using assessment data to inform instruction.
- ✓ A toolbox of assessment strategies and information that can be used to reflect on assessment practices.
- ✓ Time and an ETFO space to collaborate and brainstorm with colleagues about some of the challenges that face classroom teachers with respect to assessment practices.

The two-part series structure includes one half-day and one full-day sessions funded by ETFO. See back for specific dates and times of the series in your local.
