

The Peel Elementary Teachers' Local Professional Development Committee
presents ...

**"Special Education and the Learning Disabled Student" for the
Classroom Teacher**

If you are interested in learning more about Special Education and the Learning Disabled student, this workshop is for you. Participants will have the opportunity to investigate strategies that will assist with planning for the exceptional student in the classroom. A review of the connection between the IPRC paperwork, the IEP and the report card will be given. Effective ways of preparing and implementing the IEP, the use of assistive technology, and accommodations and modifications will be explored.
